About Town Assembly/ Residents' Association

Town Assembly and Residents' Association are organized voluntarily by regional residents aiming to improve the living environment by enhancing friendship and security networks among residents.

【Do You Know?】

The cost to build and maintain street lights on community roads around your house are paid by the town assembly of your region. They are making your life easier and safer without you knowing it.

Sharing Information

Sharing information on the municipality and events sent by municipal and other administrative offices.

Creating a Clean Environment

Working on the waste reduction and street cleaning to create a clean and well-maintained living environment.

Friendship Network

Creating and enhancing friendship networks among residents by organizing festivals, etc.

Keeping the Environment Safe

Keeping the living environment safe by patrolling the region and preparing residents for a disaster by organizing drills.

Addressing Local Issues

Addressing local issues which cannot be solved by individual residents with the cooperation of other administrative offices.

★Is There Any Benefit joining Town Assembly?

We are not aware of the importance of being familiar with our neighbors in everyday life. However, helping and supporting each other with your neighbors through community bonds are inevitable when it comes to managing emergencies like an earthquake and a fire.

In Tohoku Earthquake of March, 2011, community bonds created by town assemblies and residents' associations saved a lot of lives. Similarly in Northern Nagano Earthquake of November, 2014, regional residents who are familiar with the neighborhood cooperated with rescues so that no life was taken in the incident.

You can save precious lives by getting connected with your neighbors through community bonds. Strong community bonds, which would help you in disasters, can be obtained through joining your local town assembly/ resident's association.

Of course
there are !

To Make Your Living Environment Better and Safer along with Your Neighbors,
Let's Join Town Assembly/ Residents' Association !

◆Town Assembly/ Residents' Association is always there for you◆
